Dear James. Excellent. By all means give my email to anybody showing even the slightest interest. Thank you, Helmuth

Dear Helmuth,

I am so sorry to hear about these events, and am writing an email, as you suggest. I am going to post about it on my little blog. Can I give your email, asking supporters to get in touch with you?

I will also put in the Minister's email so that people can write to him as well.

yours

James
